

European Journal of Plant Pathology

Special issue announcement

The 14th Conference of the European Foundation for Plant Pathology.

This special issue will publish papers from
conference speakers.

Submission deadline 31 December 2025

Call for papers for a special issue of the European Journal of Plant Pathology.

Papers from the 14th Conference of the European Foundation for Plant Pathology.

The 14th conference of the European Foundation for Plant Pathology brings together a wide range of scientists from all plant pathology disciplines. This conference forms a unique opportunity to share new insights and discuss progress. To harness the results of this conference a special issue of the European Journal of Plant Pathology, published in cooperation with the European Foundation for Plant Pathology, focuses on papers delivered by speakers of the conference. We therefore invite the speakers to submit a paper to the special issue of the European Journal of Plant Pathology.

The topics of this special issue follow the structure of the conference and include:

- Papers from plenary speakers.
- Biocontrol and microbiomes.
- Plant microbe interactions.
- Epidemiology and population genetics.
- Precision pathology, digitalisation and AI tools.
- Invasive and emerging plant diseases.
- Crop and tree improvement/ host response.

Editors: Prof. David B. Collinge, Prof. Małgorzata Jędryczka, Prof. Sabrina Sarrocco, Dr. Georgios Tzelepis.

Manuscript Submission Information

All manuscripts that pass the pre-check will be thoroughly reviewed through the normal peer-review process.

Manuscripts should be submitted online at <https://www.editorialmanager.com/EJPP>. Select 'yes' when asked 'does this manuscript belong to a special issue?'. Then select the special issue title.
